

Pursuing Your Passion

Purposeful Careers

TELE-SEMINAR STEP-BY-STEP SELECTION OUTLINE

As the Pursuing Your Passion – Purposeful Careers™ program is offered to people all over the globe, we use a US call-in number for our tele-seminars.

To keep the call of the costs to a minimum for people outside the US there are several low cost call carriers and calling cards available at modest per minute rates. We have provided a link to a calling card service provider below which we recommend.

How to select a competitive international calling card:

Step One: Follow the link:

<http://www.phonecardselector.com.au/store/customer/home.php>

Step Two: You will read at the top of the page: Phone cards to call from: Australia
This has already been selected for you.

Step Three: Select 'United States' in the drop down box and press the 'search' button.

Step Four: Search through the Service Providers to see which is the best option for you.

Example: I am ringing from Melbourne Victoria, so will require a local access number in Melbourne to avoid paying STD calls.

The information in the table will provide you with information regarding:

The Service Provider

The Rate Per Minute

Calling Connection Fee

In the **Notes** column, the service providers tell you the local access numbers offered; whether they offer a 24 hour flat rate, and other information.

For me, the service provider **Ring Phone Card** is the best option, as they offer a local access number in Melbourne; have a call rate of 0.01cents per minute, and a connection fee of 0.49 cents.

For everyone 60 minute telephone call, this will cost me \$1.09cents for the hour.

Step Five: Click either on the Service Provider hyperlink, or on the buy me button. Select which card you want to use and follow the instructions on how to purchase. Note: you may wish to check out the expiry date. With the **Ring Phone Card** it expires 4 months after the first time you use it, so you want to make sure you use it within that time.
